Each client's treatment situation is specific. Telehealth will continue to be an option for providing services.

14. Number of goals are being increased and may not be achievable in 10 sessions. Can the goals be decreased?

Social workers are being trained to develop more specific behavioral case plans. If client needs additional service sessions, Social Worker may submit a request to extend client's sessions.

15. How long does it take to get a referral approved and how will the Provider know when the referral is approved?

If a provider completes an intake prior to receiving a referral, the provider emails cpscollateralreports@saccounty.gov to request CS840 Referral Form within 24 hours of intake. The CPS Collateral Reports desk notifies the case carrying social worker of the request. If social worker approves, the desk will generate the CS840 Authorization for Services form on their behalf and then send it to the Service Performance Monitor (SPM) for approval.

If the case carrying social worker generates the CS840 Authorization for Services, they will send the form to their supervisor for review and sign. Then CS840 Authorization for Services is sent to the SPM to review and make sure it meets all requirements. After SPM's review and approval for Group Counseling and Mental Health services, the CPS Referrals Desk will send an encrypted email the approved and signed PDF CS840 Authorization for Services to the Provider. Individual counseling service requests are sent to fiscal for further processing. Then Fiscal will via encrypted email the approved CS840 Authorization for

Services to the Provider. Depending on the modality of services, referral review and processing time may take 2-7 business days.
